

BOMBINO EXPRESS

FULFILLMENT BY BOMBINO (FBB)

Bombino Express is a Courier Company involved in importing and exporting documents and parcels to and from India, USA, UK, Middle East and the rest of the world. With its corporate office in the heart of New York City, it also serves the needs of Domestic, International and Intercity destinations from US and abroad.

Currently for all ecommerce services, Bombino Express offers Postal, Ground and Express services to US, UK and rest of the world.

With the need for the seller for a fulfillment option in India for greater visibility of his listings and reduced delivery timeline/storage/pick n pack with low cost. Bombino Express has introduced the Fulfillment services in India (Mumbai, Delhi, Pune, Hyderabad, Ahmedabad, Bangalore, Jaipur, Chennai and Kolkata)

Procedure for the warehousing model in India:

1. Customer will advise Bombino Express the following:

- Registration & KYC completion with Bombino Express.
 - Sharing SOP & Item details with Bombino team.
 - Item Details consist of SKU Code / Name of Product & Details Quantity in Box / Total Quantity of SKU.
 - Shippers Name
 - Label will be generated with PID (Package ID) and AWB No.
2. Bombino Team to create a login ID in software & share with the seller.
 3. Bombino Team will train sellers to create Shipping Labels on our software.
 4. Packaging of Each SKU will be in a separate box which then can be put in a bigger box (depending on the product weight and Dimensions)
 5. In case there is a bigger quantity of 1 SKU which are in multiple boxes, each of the boxes will have a separate Package ID.
 6. Seller will paste the labels on the boxes and Ship the SKU's to Bombino Mumbai Office, Pickup would be done for sellers from all major cities.
 7. Once item reaches Bombino Mumbai Hub, Bombino will share the Shipping charges and amount to be deposited to the seller
 8. Post stock confirmation from Bombino India Office, seller can Book shipment through our software for last mile shipping.
 9. Once order is booked and label created by the Seller, Bombino will pick and ship the product. **(Cut off time for same day processing and connections is 4pm IST).**
 10. In case of item lost:
In transit from ware house to the buyer Rs.500 or Invoice value whichever is lower.
 11. Insurance charges 2 % of value declared. (Insurance covers the loss or damage only when the SKU is in the FBB Warehouse.)
Shipper needs to provide all documents for the claim. If claim is refused due to any discrepancy in documentation, FBB will not be Responsible for the same.
 12. If the shipment is return due to any reason (Bad address, Close on arrival, Damage in transit etc.) Return & Re-shipping Charges will be applicable.

All details of the transactions Shipments, Stock and Inventory can be viewed by the seller on the Automation tool.

1. Rate List provided is on the basis of volumetric weight / Actual Weight whichever is on the higher side.
2. In case of Returns, product will be returned to the WH. If the product are in good condition can be added to inventory again and reshipped again as per the last mile rates.
3. Every order that's dispatched from the inventory (warehouse) processing fees will be Rs.50 per SKU Unit.
4. Storage charges is Rs.30 per Sq. ft. Height will be 8 Feet that we can stack up to depending on commodity and box strength.
5. If any SKU needs to be returned to shipper (India) removal fee from the stock will be charged @ Rs.10 and last mile charges will be applicable as mentioned below.
6. If Packaging is required depends on the dimensions of the boxes charges will apply.
7. One time cost for the software will be applicable Rupees 15000/-.

Delivery Timelines

Transit time will be 4-5 working days. If no delay by regulatory body.

Once the inventory is scanned, it will be live and seller can start shipping orders for last mile delivery
